November Projects

This month we'll be creating a Friendship Tree with colorful handprint leaves to show how we all belong together. Students will also make a 'My Family' collage to celebrate the people who are special in their lives. As autumn continues, we'll enjoy simple seasonal crafts like leaf rubbings and apple stamping. These projects help children practice creativity, teamwork, and fine motor skills while having fun.

We're also working on:

1. Letter recognition and sounds for J, K, L
2. Number recognition for 5, 6, 7, 8
3. Counting for one-to-one correspondence
4. Spatial awareness, respect towards others and self, and listening when playing.

upcoming events & news

- Nov. 26: NO SCHOOL for Thanksgiving Recess
- REMINDER: Tuition due by November 5th
